### PRODUCT DESCRIPTION

Flexrail1™ is a line voltage bendable one-circuit track system. The pre-bent rail is ordered as a 18¾" section that has been formed at the factory to a specific degree. The pre-bent rail can be used when wanting to make a circular pattern or when factory made curves are desired.

### FEATURES

- Used when precise shapes (ie., circle, rounded designs, etc.) are needed
- The suspension rods for Flexrail1™ are field cuttable or extendable (96" max). Rods are available for most ceiling types.
- The HM1-EN50 Quick Connect™ transformer adapter allows the use of any Quick Connect™ element on the Flexrail1™ system. Quick Connect™ transformer adapters are ordered separately.
- Rail can be put together to any length desired. The use of the "I" connectors will be required when connecting sections of track. The total load of a Flexrail1™ system can be up to 2400 watts.

### SPECIFICATIONS

**Materials:** Flexrail1™ is a polycarbonate extrusion with an aluminum core and three copper bus wires.

**Electrical:** 1 circuit, rated 2400W. 3 wires (one hot, one neutral & one ground). 120/240V 60Hz single phase, 20 amps.

**Transformers:** Quick Connect™ transformer attaches to rail and accepts all Quick Connect™ fixtures and pendants with low voltage HM1-EN50.

**Mounting:** Mounts to flat, suspended, or sloped ceilings. Use 2 HM1-X supports per 4 foot section and at least 3 per 8 foot section. Total number of supports dependant on application. Systems with CFL or HM1 track elements will require additional supports.

**Standards:** UL & CUL listed

### ORDER NUMBER

Model	Angle	Radius	Circle	To Build a Circle	Length	Finish
HM1-T	30D 30° Curved Rail	35"	70"	12 Pieces	22"	PT Platinum DB Dark Bronze
	45D 45° Curved Rail	23"	46"	8 Pieces		
	60D 60° Curved Rail	17"	34"	6 Pieces		
	90D 90° Curved Rail	12"	24"	4 Pieces
