Ordering Example (model – series – finish): SBH-102-WT

Product Details

Description: Linear System xenon fixture for two wedge base lamps. Adjustable formed reflector to place the light output where it is needed.

Materials: Polycarbonate track adapter and lamp holder with nickel plated contacts. Aluminum reflector precisely shaped around the lamps.

Transformer: Compatible with all Linear System transformers. Transformers are ordered separately.

Lamping: Uses T3 wedge based xenon lamps, ordered separately.
For 12 volt systems, can use a 3w or 5w lamp.
For 24 volt systems, can use a 5w or 7.5w lamp.

Finish: Abrasion resistant paint finish. Available in Black (BK), White (WT).

Listing: UL & CUL Listed. 5 year W.A.C. Lighting product warranty.

Specification Features

- Holds the lamps in a fixed horizontal position Simple fixture design provides maximum light output for coves, cabinets, shelves and displays.
- Transformer should be ordered as part of the Linear System. Determine the total system track length, number of fixtures required for the application, then total the wattage and choose your voltage and transformer. The SBH-101 is compatible with all Linear System transformers.
